**Attachments:** Defeat Device Avoidance- Ford-EPA (16-01-07).pdf

Ford is coming in today to brief Chris Grundler on how they manage defeat device avoidance. The attached presentation is pretty useful and I wanted to share it with all of you.

Hi Byron. Yes, we'll plan to proceed as scheduled. No concerns with Chris tying in via videoconference.

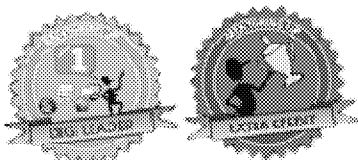

As requested, I'm attaching a copy of the deck we plan to review tomorrow. We do request that this be given confidential treatment. We can follow-up with a formal letter based on EPA's FOIA regs in 40 CFR Part 2.

Thanks. See you Thursday.

Regards,

*Todd Fagerman*

Hi Todd,

Please see my note copied below. I used an incorrect e-mail address for you in my first note.

Thanks,

Byron

Hi Todd,

I wanted to let you know that Chris has been detained in DC for the balance of the week. We very much want to keep the meeting we have scheduled with you and the rest of the team from Ford. We will still plan to host you here in Ann Arbor. Chris will join us via videoconference from his DC office.

If it is possible to share materials in advance of the meeting, that will make the meeting logistics simpler.

We are looking forward to this discussion.

Thanks,

Byron
